FRIDAY, November 10, 1905.

The Democratic majority in Virginia is estimated at about 20,000.

J. N. Adams, Democrat, is elected Mayor of Buffalo, N. Y., by 8,881 majority.

The Democratic municipal tickets were successful in most of the towns and cities of Southern Indiana.

Frank L. Johnson was re-elected Mayor of Cleveland and Patterson carried that city by a big majority.

The sick law was voted on in several places in Lawrence county and is said to have carried in every instance.

The Democratic candidates in Boyd county surprised the public worse than the Republican candidates did in Lawrence.

The Democrats carried Evansville in the municipal election by about 2,500, a gain of 5,000 over the election last fall.

Gov. Patterson's plurality in Ohio is 50,000, according to the latest estimate, and was never before equalled by a Democrat.

A Louisville girl says she carries every letter from her lover in her shirt waist till she gets another. Shirt waist or lover?

Tom Blue, colored, fell five stories in an elevator cage this morning and is still alive.—Exchange.

After such a fall, it may safely be said that he is black and blue.

James W. Alexander, late president of the Equitable life assurance society, is still confined to a sanitarium, and will not be able to appear before the New York investigation committee. The keen sensitiveness shown to the scandals affecting his administration has greatly softened the popular judgment of him. It is in striking contrast with the disposition being displayed by the heads of rival concerns to hang on and baffle out the matter.

There are five thousand fewer post-offices in the United States now than four years ago. This might look like a decrease in the postal business, but that is not the case for it is the rural free delivery routes that have shored the little post-offices out of business. While the post-offices are fewer in number the Roosevelt post-offices have been rapidly increasing. Eight years ago there was not an office of that name in the states and now there are seventeen in as many different states, with seven extra ones named Teddy.

The insurance scandals recall the fact that at the close of the Civil War Gen. Robert E. Lee was offered the Presidency of one of the large insurance companies of New York at a salary of \$50,000. He asked what would be his duties. The reply was that he would have nothing to do, but that his name would help the business of the company. Gen. Lee at once declined and said that he could not accept any position where he did not feel that by his efforts he earned the salary that was paid and then became President of the Washington and Lee College at \$2,500 a year. How do the McCalls and the McCurdy stand beside such a man as Lee?—Elizabethtown News.

After months of political fret, worry, irritations (to some) endeavor, let us put behind us the feelings and rumors of a hot campaign and go to work in earnest for the prosperity of Lawrence county. We are the same farmers, business and professional men to-day as we were before the election, and must live with the same neighbors and go to the same church. Our Republican friends lived and prospered under the Democratic administration of the county's affairs, and we are quite sure no Democrat will go out and hang himself because Judge T. S. Thompson will open court on the 2nd Monday in each month. We deem it the duty of every citizen of Lawrence county to do all he can for the good and for the prosperity of the county. Improve your farms, look after the good of your schools and churches, watch your stock, and forget, for a while at least, that politics exists.

The Government printing office is under investigation and being accused of wasteful and even vicious extravagance, but what of Congress who authorizes the printing and distributing of these vast numbers of useless documents with which it is constantly trying to buy votes?

This paragraph appears in the Todd County Progress:

Curious ideas as about anatomy prevail in the press. It was stated the other day that a man was "shot in the ticket office." Another paper says that a man was "shot in the suburbs." "He kissed her passionately on her appearance." "She whipped him upon his return." "He kissed her back." "Mr. Jones walked in upon her invitation." "She seared herself upon his entering." "We thought she sat down upon being asked." "She fainted upon his departure."

## A Doctor's Medicine

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases, chronic cases of asthma, pleurisy, bronchitis, consumption. Ask your doctor about this.

"I have used a great deal of Ayer's Cherry Pectoral for coughs and hard colds in the chest. It has always done me great good. It is certainly a most wonderful cough medicine."—MICHAEL J. FITZGERALD, Bedford, N.Y.

It will hasten recovery by taking Ayer's Cherry Pectoral at bedtime.

## State Senator M. G. Watson.

Last week Dr. Morton G. Watson was the Democratic candidate for State Senator from the Thirty-Second Senatorial District. To-day he is Senator elect after a gallant fight, won by superior merit and the will of a large majority of the voters in the counties of Boyd, Elliott, Greenup and Lawrence, without regard to political affiliation. The nomination to the office just won was the tender of the people and not of his seeking. He accepted it, believing that if elected he would be, under the circumstances, in a position to be of great service to the people of his district and the Big Sandy generally. That such service will be rendered there can be no doubt. Dr. Watson ran upon the platform of declaration to serve the people, and he will deliver the goods.

A word of personal history concerning the new senator may not be amiss just now. Dr. Morton G. Watson was born near Webbville, this county, thirty-six years ago. He obtained his scholastic acquirements in the schools of his county—in schools where he afterwards taught, and of which in later years he was the capable and honored Superintendent. Before engaging in public life, Dr. Watson studied medicine, graduating from one of the best Louisville medical colleges. Returning to his native county he practiced several years near his home and then came to Louisville where his skill in his profession and his genial manner won for him an enviable popularity. But for a man of Dr. Watson's energy and enterprise there was, in this new Big Sandy of ours, something more inviting than pellets and potions and of late years he has paid more attention to the development of this part of his State and as was said at the beginning of this article he believed that he could materially assist in the betterment of this country and her people by assuming a more public life. Hence when the Callensburg convention asked him to bear the standard of Democracy in the Senatorial fight he cheerfully accepted the honor and the burden.

It is well known that our Senator-elect will champion the cause of Judge Paynter in the latter's fight for the United States Senatorship. It is equally well known that Judge Paynter, unlike Senator Blackburn, lives in this Congressional district, not far from the Sandy itself, and that he has always shown himself a friend to our people and a champion of their cause. Thus with a Senator at Frankfort and another at Washington our people may reasonably expect that their wants will not be neglected.

Where he is best known—this prime test of a man's worth—Dr. Watson is exceedingly popular. He carried the two Louisville precincts by the largest majority ever given a candidate, very many Republicans testifying to their appreciation of the man by giving him their support. He led the ticket in the county by 215 votes.

## A New Regime.

With the advent of 1906 a new administration for Lawrence county affairs will be inaugurated. From County Judge to Coroner the Democratic officials who have held place four eventful years will step down and out, and from Coroner to County Judge the Republicans who were elected last Tuesday will step in and up. The Fiscal Court will be composed of five Democrats and three Republicans, with a Republican County Judge to vote in case of tie. The change has been sweeping and radical, greater than has ever been known before in the last thirty years at least. The change has been a keen and painful surprise to many, and these, at least, are not prepared to say that the change is going to be for the better. Perhaps a change along some lines was needed, but no doubt the Democrats thought they were competent to make any changes necessary without the aid of the enemy.

It is idle to speculate regarding the cause or causes of this political transformation, and it is equally useless. An analysis of the vote and the majorities reveals nothing explanatory. Deep and apparently well laid plans were knocked to the four winds, and bread and other things—cast upon the waters seems to have been swallowed up, for so far as the county ticket is concerned none of it has returned.

The ticket put out by the Democrats undoubtedly had some of our best and most competent people on it, but from the returns we must believe that a majority of the voters in Lawrence county thought better of the opposing candidates, otherwise the roster would have had a more joyous ring to its crow. In the meantime we solve ourselves with the knowledge that some elections were held elsewhere and with entirely different results.

The Government printing office is under investigation and being accused of wasteful and even vicious extravagance, but what of Congress who authorizes the printing and distributing of these vast numbers of useless documents with which it is constantly trying to buy votes?

# VICTORY

## For Democrats in Many Places.

## Ohio Flops Entirely Over, and Even

## Pennsylvania Goes Democratic.

## WATSON WINS FOR STATE SENATOR.

Generally speaking, last Tuesday was a Democratic day. Lawrence county Democrats are hardly in position to join in the celebration with their brethren elsewhere with as much enthusiasm as usual. But there is one victory which goes far toward allaying the pain, and that is the election of Dr. M. G. Watson to the State Senate. The district last year showed a Republican majority of 1500. Dr. Watson is elected by 200 to 400.

### WATSON'S MAJORITY.

Just before going to press a telegram was received from Elliott county giving Dr. Watson's majority there as 448. The message also states that M. M. Redwine, for Representative, carried the county over 600.

This elects Dr. Watson to the Senate by 260 majority.

Boyd county surprised everybody by electing a full Democratic county ticket, and even the city of Ashland chose a full Democratic set of officials. Callensburg did the same.

The State of Ohio including the city governments of Cleveland and Cincinnati, are solidly Democratic.

Pennsylvania is Democratic, electing the State Treasurer, the only State office voted for. In Philadelphia the Republican ticket was defeated.

### OHIO.

Columbus, O., November 8.—Chairman Garber issued the following statement Wednesday afternoon:

"Pattison has carried Ohio by not less than 35,000, and the State ticket will have a sufficient plurality. The Legislature is Democratic in both branches. The result is due not only to the splendid Democratic organization in the counties throughout Ohio, but to the patriotic independent Republicans, church organizations and the independent press."

While Mr. Garber gave out no figures as to the Legislature, Secretary Finley estimates that the Senate will be composed of 21 Democrats and 16 Republicans. He ventures no opinion as to the House, except that it will be safely Democratic.

The significance of the election is apparent in the fact that the governor-elect yesterday will serve under the amendment to the constitution "three years and the Legislature chosen will be in existence for three years. As the constitution requires "triennial sessions," there will be two sessions of it, and lots of legislation no doubt. The Democrats are already talking of redistricting the State for Congress. They will elect a United States Senator.

### GENERAL ELECTION SUMMARY.

Associated Press dispatches Wednesday show the following election results:

NEW YORK.—The city of New York, complete, but unofficial, gives McEllan 3,485 plurality over Hearst. William Travers Jerome, Ind., district attorney, re-elected. Bird S. Coler, Municipal Ownership, elected borough president of Brooklyn.

PHILADELPHIA.—Complete returns

PRESTONSBURG, KY.—The Democratic ticket in Floyd county, is elected. The Democratic Representative won by 500 in Floyd, Knott and Letcher counties.

Johnson county Republicans elected their entire ticket by the usual large majorities.

Martin county the regular Republican ticket was elected with the exception Chas. Smith, for Sheriff, who was defeated by Joe Maynard, Independent Republican.

### PAYNTER WILL WIN.

Frankfort, Ky., November 8.—The victory of yesterday means Paynter for United States Senator. Henry Lawrence for Speaker of the House, and Eli Brown and Harvey McCutchen for Pylon Commissioners.

Of the 104 Democratic Judge Paynter's closest advisers say 80 will certainly vote for Paynter and that Blackburn is already left at the post. They go a little farther and say 25 Senators and 55 Representatives are irreversibly to Paynter and that the most that Blackburn can get in the caucus is 23 votes in all. These look like extravagant claims under all the circumstances, but the Paynter adherents talk and act like it is all over, not the shouting and laughing at any suggestion that hints at Blackburn having a chance.

On the other hand, the legislators who are for Blackburn are warmly for him and they say that he has the race won.

### REDWINE ELECTED.

The latest report is as follows: Grayson—Complete returns of Carter County give Redwine, Dem., Representative of the One Hundredth District, 1,456; Thornsbury, Rep., 1,263. Elliott county reports 842 majority for Redwine. The entire Republican ticket was elected in Carter county.

Greenup—Greenup county complete gives for State Senator, Watson, 1,111; Pannin, 1,248; Representative, Cole, 1,189; Hannah, 1,228. Constitutional amendment, yes, 261; no, 402. A big mistake in the count from Russell has been discovered, which, when corrected, will reverse the vote and elect Cole, Dem., to the Legislature, and also give the Democrats the Court.

Insure your homes and business places in the Glens Falls Insurance Co., of Glen Falls, N. Y. S. J. Nicklesimer, Agent.

BOYD COUNTY.  
Democrats had candidates out for all county offices except County Judge, and elected all of them except Coroner. Among the number we are glad to say was John W. Woods, a son of Judge Woods, of this county. He was elected County Attorney. John is a splendid young man and has rapidly come to the front since locating in Ashland about four years ago. The County Judge is R. D. Davis, Republican, president of the Second National Bank in Ashland. Eli's Lawrence, County Clerk, was elected for the third time, by a majority of 32 over John Vose. Will Geiger was elected Sheriff over Robt. Russell by 529. P. S. Marcom beat Robt. Jr. for Jailer, Dr. A. H. Moore, Republican, won for Coroner. He is a Lawrence county product, a son of Earl Moore, of Wilbur.

In Ashland Joe Mathewson, Democrat, defeated Mayor Ginn by about 200. Will Hampton, son of Oliver Hampton, was chosen Police Judge.

In Callensburg Robt. A. Field was elected Mayor, and James McConnell Police Judge.

Greenup, Ky., Nov. 8.—Greenup county gave Pannin 250 majority over Watson for State Senator, and Hannah 61 over Cole for Representative.

Jackson, Ky., Nov. 8.—The Republicans have on the face of the returns a majority for Sewall, 318; for Griffith, 312; for Taulbee, 270. H. F. Davis was elected Magistrate in the city precinct.

Reports just received from Morgan county indicates the defeat of Sam Wheeler, the Democratic candidate for Senator in this, the Thirty-fourth, district.

Lexington, Ky., Nov. 8.—J. C. Bach, an intimate personal and political friend of Judge James H. Hargis, of Breathitt county, and one of Judge Hargis' attorneys in all his recent trials, arrived here from Jackson last night. He states that when he left Jackson the election of Taulbee over Hargis for County Judge was considered assured by a majority of 400, and that he believes the majority will be even greater. He says the Hargis forces went completely to pieces early in the afternoon and conceded the election of Taulbee.

PIKEVILLE, KY.—The Republicans elected their entire ticket in Pike county. Ford won for County Judge by 280 majority.

## OUR NEIGHBORS.

The "blind tiger" shack, the alleged headquarters of Frank Bull and his men across the State line from Middleboro, was destroyed by fire Tuesday.

An accident of a peculiar nature which might have proved fatal for J. B. Wilhoit, occurred at the Ashland opera house last night.

A number of citizens were assembled in the theater to receive election returns, and several speeches were made. Mr. Wilhoit being one of the orators. After his speech, Mr. Wilhoit in passing to the rear of the stage stepped on a trap door in the floor, which threw him a distance of several feet. He sustained severe injuries about the head and body, and it is feared he was internally hurt. He was taken to the office of Dr. Wade, and afterwards to his home on Fourteenth street, where he was resting quietly at one o'clock this morning.

Tennison Stamper, brother of the Stamper being held at Riverton, Ky., and who was arrested by Detectives Crim and Kuhfers Saturday, was sent to the reform farm by Judge Lueders Wednesday. He was charged with vagrancy. In a conversation with the detectives, Stamper still a boy, admitted that he came to Cincinnati to aid in securing an alibi for his brothers, and said he intended to get witnesses at a Central avenue saloon. It develops that one of the prisoners at Riverton is an inventor of some genius. He has invented a marble polisher that is said to be one of the finest of the kind ever made. An Eastern firm has purchased the patent. It is alleged, however, he got into trouble in being by relatives that he sold many of the polishers at \$250 each.—Chenault Times-Star.

Mt. Sterling, Ky., Oct. 9.—One of the largest purchases of export cattle was concluded here Saturday, when C. C. McDonald purchased of Waller Sharp and B. T. Wright 380 head of cattle averaging 1,500 pounds at \$4.50 per hundred. The cattle will be shipped East on a train of about twenty cars. The sale aggregated \$20,000.

The farmer boy is the hope of this nation. He is in a position to make a man of himself and a great directing force of the country. He need ask no man for employment if he is the fortunate owner of a little farm. His vote and his voice should show how glorious it is to be enriched with the spirit of a true patriot. One may as well try to buy the soul of an educated Southern farmer boy as to try to buy his vote. The white boys of the South, chiefly of Anglo-Saxon lineage, are of the best blood, of the best strains known to the world's history. Add to this the fact that they have inherited a master's temper and courage from their ancestors, and it will be seen that the elements of manhood form the very wood and warp of their fiber. All they need is industrial training to lead the world in agriculture.

## ROBBER DEAD.

One of the Willard Bank Burglars Dies in Jail.

The latest and most authentic news concerning the recent daring attempt to rob the Willard bank is contained in the following telegram from Grayson:

Grayson, Ky., Nov. 3.—The Willard bank robber, giving his name as G. E. Smith, died this morning from a wound received in his fight. He made a statement, giving details of the movement of the gang. He said the party came out of Cincinnati Sunday and Monday and met at Ashland Monday night; left there on a freight train to the East Kentucky railway junction, walking from there to Willard. He said they were piloted by Stephen and Charles Stamper. After the job they started towards the Chesapeake and Ohio railroad, but got lost and turned towards Willard, when they found they were almost in sight of the town at daylight. Smith said his name was J. H. Roderick, of Athens, Tenn., where he had a wife and two children.

John H. Kiffmeyer, of the Cincinnati police department, measured all of the men by the Bertillon system and identified the men as having police records.

Smith, alias Roderick, alias Thomas O'Neil, Thomas McCusky and James Cutler, Chicago safe blowers, and other crimes, served four and one-half years in Stillwater penitentiary.

Toy Brown, alias Tom Monahan and Thomas Minnehan, Chicago safe blowers and well-known thief, waited at several places, has done time. Joseph Woods' name is Joseph Hall of Covington, has local police record in Cincinnati.

Jack Allen, aged nineteen years, says that is his name, and that he lives 2027 Spring street, Knoxville, and is married.

Steve and Charles Stamper, well-known about Cincinnati, lived there twelve years. They left to prove an alibi that they left Cincinnati after the morning of the bank robbery. Warrants were served on Steven and Charles Stamper to-day for complicity in the Carter City post-office robbery September 29, when \$2,600 was lost. Robert Taylor, liverman of Ashland, Ky., October 14, hired to Steve Stamper two horses and buggy to drive eight miles to the country. Taylor charges that Stamper crossed the Ohio river and drove up into Ohio when he lost trace of him. The town never was returned. A warrant was served upon Stamper charging horse-stealing.

John L. Lewis, postmaster at Jean, this county, and his wife were arrested last Monday by Deputy U. S. Marshal Sylvester and lodged in jail at this place on a charge of making fraudulent returns regarding the cancellation of postage stamps. They gave bond for their appearance before Commissioner Burns for an examination Nov. 9th.

Lewis and his wife had fled to West Virginia, but came back, as the man says to settle up some business. Sylvester heard of their return and went to their house to apprehend them. Lewis saw him coming and made a break for the woods, but was captured after a short chase.

Lewis and his wife had been using the stamps as legal tender for provisions and other things and would report sufficient cancellation to cover the amount, so it is alleged.

Eugene Zimmerman, one of the big railroad men and great financiers of the United States, passed through Louisa Tuesday. It will be remembered that he and other notables went up the road a few days ago, leaving the rail at Pikeville and going through to Virginia by horse and carriage. Somewhere South Mr. Zimmerman took the N. & W. and went back to Ashland. Tuesday he and J. W. M. Stewart drove from Ashland, here just in time for Mr. Zimmerman to get across the river and catch a west bound N. & W. train.

Mr. Zimmerman and his confederates are not making these excursions for recreation or pleasure, but what their intentions are they don't say. They pretend to tell what the great capitalist is doing are simply guessing, and they also have another guess going.

The complete failure of the Willard bank robbers to get a dollar of the bank's money is a forcible argument in favor of a good bank as a place of safe deposit. Equipped with the most powerful explosives known, and doubtless having burglar's tools of the most approved pattern, and being themselves bold and experienced in the plying of their nefarious craft, these crackmen failed utterly to get on the inside of the bank's safe. The building was wrecked and the vault was demolished, but the money was untouched by burglar or explosion.

Dr. Byron Diamond and wife, of Prestonsburg, were in Louisa Tuesday on their way to visit the doctor's family out at Deephole. The "and wife" part of this paragraph is a very recent affair and a very pretty one, too. She was Miss Emma Boone, daughter of Ralph Boone, of Prestonsburg. Dr. Diamond went to Prestonsburg several months ago to practise dentistry and little Mr. Cupid began at once to practice on him, with results as stated. The NEWS presents its congratulations.

## Big Sandy Against the World.

Big Sandy is a hoodoo section for professional robbers and expert safe blowers. There have been only two instances in which our Valley has been visited by men of this character and in both cases the entire gang has been captured and landed in prison.

The first experience of this nature encountered by our people was in December of 1900, when the safe in the Louisa post-office was blown and rifled of its contents. The job was done by expert criminals well-known to the police of the large cities, as their pictures had conspicuous places in the rogues' gallery.

Four men are now "doing time" in prison for the robbery, and they all declare that only three of them were implicated in the crime. So you see that when Big Sandy goes after professional burglars she takes in an extra one for good measure.

It is likely that the punishment did not go amiss.

The second attempt was that at Willard, near the Lawrence county line. This entire gang of five was cleaned up by the natives in an expeditionary manner. One of the most noted of the robbers is dead as a result of a wound received in the hot battle with the pursuers. It is very seldom that an entire band of desperadoes is captured, as these fellows are others of their ilk to steer clear of Big Sandy and Eastern Kentucky.

The man who died in the Grayson jail was in Louisa two days a short time previous to the Willard attempt. He registered at the hotel as McMillan, from Chicago. He was neatly dressed and wore a brown derby hat and a brown vest. Before his death he gave the name of J. K. Roderick, of Athens, Tenn., where he said he had a wife and two children.

**Death of Mrs. J. W. Jones.**  
Mrs. Belle Jones, wife of John W. Jones, died in this city yesterday after a long illness. Her disease was consumption, and although she and her relatives knew that death was inevitable the end was sudden and unexpected. Interment will be to-day in the Jones burial ground, where so many of her husband's kin are buried. Two children, Mrs. R. A. Stone and Miss Addie Jones, survive an affectionate and devoted mother.

Mrs. Jones was a most excellent Christian woman, a good wife and loving parent. The NEWS extends its sympathy to the bereaved family.

**Eyes Tested and Glasses Fitted.**  
I will be at Brunswick hotel in Louisa, Nov. 14, 1905, with a full line of spectacles and eye glasses and anyone needing glasses call and see me, and have your eyes tested and glasses fitted accurately.  
Dr. H. R. Cecil, of Louisville, Ky.

John C. Mayo, of Paducah, was here Monday for a few hours. He had swung around the circle this far with Eugene Zimmerman, of Cincinnati, leaving him in Cassville, and took the evening train for home.

Mr. Mayo was suffering with a spinal wrist, the result of a fall from a carriage.

Judge R. T. Burns says that his latest grandchild, born Saturday to Rev. and Mrs. Chester H. Williamson, of Waverly, is a female of the feminine gender, and will be a woman when she grows up. Take notice that the Judge speaks of her as "latest."

The Catlettsburg High School club came up Saturday and played the Louisa High School boys a game of football, the game resulting in a score of 18 to 0 in favor of the home product. The Gate City lads were gentlemanly lot of youngsters, and they found Louisa in defeat in the smiles of Louisa's pretty girls.

Fulkerson Bros. have started a dairy and their wagon may be seen making the rounds each day. It was a thing much needed here and is a business that should assume paying proportions.

One day last week a boy of 14, son of Tasswell Rickman who lives near lock No. 1, near Saltpetre, was fooling with a dynamite cap. The result was that the cap exploded and the boy was torn entirely off and every finger on both hands was more or less seriously injured.

Rev. H. B. Hewlett's wife is now sufficiently improved to permit him to resume his work. He has been kept closely at home for a few weeks, and we are glad to announce her convalescence.

The protracted meeting which had been going on several weeks at the Baptist Church closed Sunday night. There were about 15 additions to the church, 7 having been baptized in the river Sunday afternoon. Rev. Mr. Cooke, of Huntington, will preach here again on the 4th Sunday in this month.

**CARD OF THANKS.**  
We take this means of expressing our heartfelt thanks to our friends, who so kindly assisted us during the sickness and death of our darling baby. Your kind words and deeds have helped to lighten our sorrow, and will be lovingly remembered by us. We especially thank Mr. Andrea, who conducted the funeral ceremonies. His spiritual lesson was touching and comforting. It helped us to see and to feel "Thy will, not mine be done." Sincerely your friends,  
Mr. and Mrs. David Spence.

T. H. Roberts, the well known contractor, has gone to Hilton, W. Va., to build some piers for a bridge across New river. Mr. Roberts is a skilled and reliable workman, as is shown by several jobs done by him in this section. The plans and abutments of the Louisa and Fort Gay bridge are splendid specimens of his handiwork.

**Suicide in Paintsville.**  
Paintsville, Ky., November 6.—At an early hour this morning Samuel M. Rice was found in his barn, where he had gone to feed, with a bullet hole in his left breast, and a Winchester rifle by his side. He had been in the habit lately of taking the Winchester when he went to feed. He was found by Harmon Daniel, a school teacher who boarded there, and who had been sent to look for Rice, when he did not respond to the breakfast call. He was a son of D. J. Rice, of Jennie's creek, and a son-in-law of Ham Rice, of this county, now deceased. He leaves a wife and four children. Mr. Rice lived just above East Point and was a well-known farmer of our county, well liked and popular. He had been showing signs lately of temporary fits of absent-mindedness. The coroner has been summoned.

Later—The coroner's inquest was held, and it was found that, in a state of temporary insanity, Mr. Rice committed suicide.

**PIERCE & DERRICK, LEADERS.**

**One of the greatest agencies** which has been discovered to relieve motherhood from excessive suffering is the "Favorite Prescription" devised by Dr. R. V. Pierce, chief consulting physician of the "Invalidee" Hotel and Surgical Institute, of Buffalo, N. Y.

This wonderful "Prescription" imbues the entire nervous system with natural, healthy vitality; gives elastic vigor to the delicate organism specially concerned in motherhood, and makes the coming of baby entirely free from danger and almost free from pain.

"I wish to state that I have used Doctor Pierce's Favorite Prescription with very good results," writes Mrs. Kate M. Annis of Boston, New Hampshire. "Had been in poor health for over four years and had been twice in the hospital. My husband brought some of your Favorite Prescription, and it has carried me easily through my last confinement. We are now blessed with two healthy children, and I am sure your medicine has done me more good than all the other treatments I have ever received."

**BAD HEADACHES** generally arise from bad stomachs. Food breath, bitter taste, coated tongue, sour eructations or belching of gas, are common symptoms though not all present in every case. To cure, take small doses only one or two each day of old Dr. Pierce's Pleasant Pellets, the Original Little Liver Pills, first put up by him over 40 years ago. One or two a laxative, three or four cathartic.

## OUR NEIGHBORS.

The case of Henderson vs. Burchett, appealed from Floyd county, has been affirmed by the Court of Appeals.

At Vivian, a small mining town on the N. & W., seven miners, all negroes, were killed by an explosion Sunday.

Jake Clauder, who was recently shot by a Catlettsburg policeman, died Saturday morning, but an autopsy showed that he died from "locked" bowels and not from the pistol shot.

Barboursville, W. Va., Nov. 3.—The trial of Sid Woodley for the murder of Coon Conley, at Logan, some weeks ago, ended last night by a verdict of guilty in the first degree. A feud has existed for time between the Woodleys and Conleys.

John Bloss one of the aged and respected citizens of the county died at his home near Mount Vernon last Sunday. He was buried in the Mount Vernon Cemetery, Rev. J. D. Garrett conducting the burial service.—Wayne News.

Mrs. T. D. Marcum received a telephone message from her son, Elsie Marcum, who lives at Star Furnace, stating that his house and all that it contained was completely destroyed by fire. The origin of the fire is unknown.—Press.

About one o'clock Monday afternoon Charles Jenkins, a negro, was shot and instantly killed in Ashland, the place of the murder being the saloon of Charles Harris, also colored. Harris and another negro named Greene have been arrested, charged with complicity in the homicide.

Everett Williamson, employed on the extension work above England Hill, was shot, though not seriously wounded, and was brought to this city for medical aid. He was sitting in front of his tool house when several drunken fellows, returning from a hunt, turned a curve in the road, one of them at the same moment

## Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

**The Song of the Crane.**  
Beneath the moonlight  
There's a sweet little crane  
That sings to the sky  
A dear little lullaby  
To the stars above.

Shirley Kitchen, aged 20, of Huntington, a small town about 25 miles out of Cincinnati, in the Cincinnati, Georgetown & Portsmouth Interurban Railway, was arrested at his home Saturday afternoon by Deputy United States Marshal Gardner and Post-office Inspector Speer brought to that city and locked up in the county jail on the charge of robbing the postoffice at Carter, Ky., on the morning of September 29th, when the sum of \$2,600 was secured.

Whitcomb, W. Va., November 2.—Somers Sowards, living in Pike county, Kentucky, and Frederick Chessman, of Mingo county, fought on a push boat here this afternoon, and both resorted to pistols.

Sowards was shot through the left breast, and was standing so near the edge of the boat that he fell overboard. His body was seized before it sank by others on the boat and dragged aboard. He expired almost instantly.

Chessman made his escape, and has not been captured. Although Sowards fired four shots, Chessman was uninjured.

Prof. G. Milton Elam spent a pleasant evening Friday with his old friend, W. H. Flannery. He speaks in glowing terms of his school. He is enthusiastic with the general progressiveness of the school, and with the aptitude and demeanor of the pupils. Prof. Elam, as well as the other members of the faculty, is doing most excellent work, and the entire district is delighted with the present status of the school, and of its bright prospects for the future.—Pikeville item.

Mrs. Thomas Adams died at her home in North Catlettsburg, Friday evening at 7:50 o'clock, in her 61st year. Mrs. Adams, whose maiden name was Miss Kate May, was a niece of the late Col. A. J. May, of Tazewell county, Va. She was born in Louisiana, and came to Boyd county some 35 years ago, where she had since resided. In addition to her husband, Mrs. Adams leaves two children—Mrs. Compton, of this city, and Charles Adams, of Ironton, to mourn their loss. The funeral took place yesterday afternoon from the residence of her daughter, Mrs. Compton, at 1:30 o'clock, the services being conducted by Rev. W. M. Wakefield, of the Sandy City, M. E. Church South, of which the deceased was a member. Interment followed in the Ashland cemetery.—Independent.

Mrs. Adams has relatives in this city. Last evening about six o'clock an altercation took place at the court house between J. Rice, a Magoffin county man, and George Adams, of this city. The parties are said to have been drinking and Rice cut Adams' coat with a knife, whereupon Adams struck Rice on the head with a piece of brick, cutting a severe scalp wound, and putting him out of business for the time being. Adams made his escape and had not been arrested at an early hour this morning.—Catlettsburg Press.

On yesterday arrangements were perfected whereby Huntington is to have another big wholesale establishment. A company has been organized for the purpose of opening a wholesale drug house in that city, and it is expected that it will be ready for business by January 1st.

The leaders in the company which will be capitalized at \$100,000, and carry the heaviest stock of any drug house in the State, are Fred Roetting, the well known Third Avenue pharmacist, who is an Ironton boy, and was formerly located in Catlettsburg; Congressman James A. Hughes and others.

Prosecuting Atty. Waugh, of Grayson, has purchased the opera house there and has begun a thorough overhauling and repairing of the same. He has employed Robt. Ford, of this city, to construct and paint the new scenery for the house which will be opened some time this month by the City Minstrels.

John has made a good many people dance to his music in the various court houses in his district, but we presume his Grayson venture is in a different line.

## A New Maud Muller.

Maud Muller on an autumn day, Tanned and brown from making hay, Stood by the kitchen table, where A pumpkin stood, all golden fair. She peeled the slices, one by one, Each piece as yellow as the sun. And then she put it on to stew (The pot she used was white and blue.) She took a lot of eggs and milk And spice and things of that same ilk. And made a filling rich as gold. And later poured it in a mold. She had made from shortened dough, Then put it on the stove, you know. The Judge came by and saw the maid, His auto car in haste he stayed. And to the window still he came And softly murmured Maudie's name. She sat on him a startled eye. Then handed him a piece of pie. He took a bite—the pie was great. He knew at once he'd met his fate. Her cheeks were pink, her lips were red.

As he, the Judge, with ardent said: "Ah Maudie, dear, come be my wife And bake my pies through all my life."

She hung her head and smiled a smile. But she forgot that all the while That as he heard her softly sigh Her pie was burning to a crisp. She took his ring and ramed the day.

And then he swiftly rode away, And then he turned to get the pie. But it was burned, black and dry. 'Twas to the hungry piglets fed. "He's worth one pie," she softly said.

This is called Catarrh of the Stomach.
